

# **SHINE**

Words & Music by JAMES R. WIGGINTON – [www.VocalEdge.com](http://www.VocalEdge.com)

## **VERSE I**

Got a little light that I hide in my pocket for rainy days  
Many people need to see my luminosity brighten their way  
Shine it on the Down and the Undone: “No One’s Alone”  
‘cuz...

## **CHORUS**

Ev’rybody wants to know where to go what to say  
Lookin’ for a ray of hope, prayin’ for daybreak  
Take a little piece of my heart, light the spark  
In the darkest night  
And let my little light shine.

## **VERSE II**

Never would have dreamed I’d be  
Lost in the scream of calamity  
But—falling into pieces won’t  
Save me from faceless reality.

But I believe the further I’ve fallen  
The higher I’ll fly  
Oh yeah...

## **CHORUS**

## **BRIDGE**

[shine, shine, shine in the sleeping]  
[shadows; Heaven’s hope is alive when you...]  
[shine, shine, shine in the sleeping]  
[shadows; Heaven’s...]

Shine out----like a  
bright flame...

Hope is alive because Heaven knows your name!

## **CHORUS**

Ev’rybody wants to know where to go what to say  
Lookin’ for a ray of hope, prayin’ for daybreak  
Give a little piece of your heart, light the spark  
In the darkest night  
Might be saving my life.....

So let your little light shine.
